

Foreword

As we launch the "Seychelles Rendez-Vous" the annual visitor arrivals for 2007 is a new record of over 160,000 visitors.

We aspire to provide you a better service and restore the value for money benchmark for each and every service you desire.

It is in this light that this informative booklet handed over to you by our Immigration Officers on entry into our country, would assist you in planning for this holiday of a lifetime.

Thank you for choosing the Seychelles Islands - Another World.

Hoping to see you soon again on these shores.

Sincerely

Maurice Loustau-Lalanne.
